Notes to Financial Statement

QCA HEALTH PLAN, INC.

Notes to NAIC Filed Financial Statements Statutory Basis December 31, 2004 and 2005

(1) Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies used by QCA Health Plan, Inc., "the Company", in the preparation of the accompanying financial statements. Such policies are in conformity with the Annual Statement Instructions and the Accounting Practices and Procedures Manual of the National Association of Insurance Commissioners ("NAIC") and the accounting practices as prescribed or permitted by the Arkansas Insurance Department and are not intended to be a presentation in conformity with generally accepted accounting principles.

Cash and Cash Equivalents: The Company considers all cash accounts and all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents.

Investment Securities: Investment securities are held to maturity and are stated at cost adjusted for amortization of premiums and accretion of discounts computed by the interest method. In addition the company uses the following accounting policies:

Short-term investments are stated at amortized cost.

Bonds are state at amortized costing using the interest method.

The company owns no stocks.

Non-Admitted Assets: Certain assets (principally premiums receivable greater than 90 days past due, pharmaceutical rebate receivables and prepaid expenses) designated as "non-admitted" are not included in the financial statements.

Income Taxes: Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the accounting for interest accrued on surplus notes payable for financial and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Note 9 also comments on income tax calculations and deferred taxes. 2004 was the first year the company recorded a deferred tax asset.

Revenue: Medical premium revenue is recognized in the month in which members are entitled to receive health care services. Medical premiums collected in advance are recorded as unearned premium revenue.

Cost of Benefits Provided: Cost of benefits provided includes the costs of all medical services delivered to enrolled members of the Company and for whom the Company has recorded medical premium revenue during the reporting period.
